MARCH 2010

**League of Women Voters of Los Angeles to Hold Public Forums on the  
Education Committee's 3 year study of the Los Angeles Unified School District**

This month we will talk about two questions to come to consensus. 1. What are the significant factors that may contribute to students outcome? 2. What are valid measures that may be used for accountability by LAUSD and its individual schools. You can access background information on the study at [www.lwvlosangeles.org](http://www.lwvlosangeles.org), after March 1, 2010.
